## MICROGREEN WORKSHOP

A two-day training program on Microgreen Cultivation was successfully conducted at Government College (A), Ananthapuramu, on 23rd and 24th January 2026 in collaboration with Aries Agro Limited. The program was exclusively organized for female students with the aim of promoting sustainable agricultural practices, nutritional awareness, and entrepreneurial skills. Microgreens, known for their high nutritional value and ease of cultivation, were introduced as a viable option for self-employment and healthy living.

The program focused on providing both theoretical knowledge and practical training, enabling students to understand the importance, methods, and benefits of microgreen cultivation.
